

Unified Fire Authority

Recreational Fires and Open Burning

Residential open burning is not allowed in Herriman City.
Residential burn permits are not issued.

Agricultural open burning is allowed without permit: Land must be zoned "Agricultural". Burning is limited to horticultural or agricultural operations. (i.e. ditches, fence lines, horticulture pruning, stubble and controlled heating to prevent freezing of crops).

- Verify that it is a green air quality day. The air quality index can be found at www.whentoburn.com
- Contact fire dispatch @ 801-840-4000 with name, address start time and expected duration of the burn.

Recreational fires are allowed: Fuel area cannot exceed 3ft diameter by 2ft in height. Burn only dry, Clean natural materials. Garbage, construction waste, tires or oil cannot be burned.

- Verify that it is a green air quality day. The air quality index can be found at www.whentoburn.com
- Keep "open camp fires" 25 feet away from structures or combustible materials. Fires contained in improved fire pits or portable outdoor fireplaces require 15 feet of clearance from combustibles. Gas fire pits and barbeque grills require 10 feet of clearance from combustibles.
- Have a method of extinguishment readily available (garden hose, water can, bucket of sand, etc.).
- Fires must be constantly attended until fully extinguished.

25' of clearance required

15' of clearance required

10' of clearance required

Offensive, Objectionable, or Nuisance" fires are not required to be extinguished unless the fire is causing a hazardous situation. If all burning requirements are met and the fire is not causing a hazardous situation, the fire department does not have the authority to extinguish the fire.

- Citizens will not use the fire department to resolve neighborhood disputes regarding smoke emissions.

For questions, please contact the Fire Prevention Division at 801-743-7230
