

11800 SOUTH SEWER UPGRADE PROJECT

JORDAN BASIN
IMPROVEMENT DISTRICT

October 2024 Update

3085 West - 3600 West

- Sewer pipe installation continues in this section, with work anticipated to be completed from 3085 West - 3200 West by late fall 2024 and from 3200 West -3600 West by early 2025.
- Crews plan to tie in individual service lines at the 3600 West intersection during the last week of September.
- Roadway paving between 3085 West – 3200 West is planned for late October. One lane will be maintained in each direction. Motorists are advised to reduce speeds and watch for lane shifts. Residential access will be maintained in the work zone.

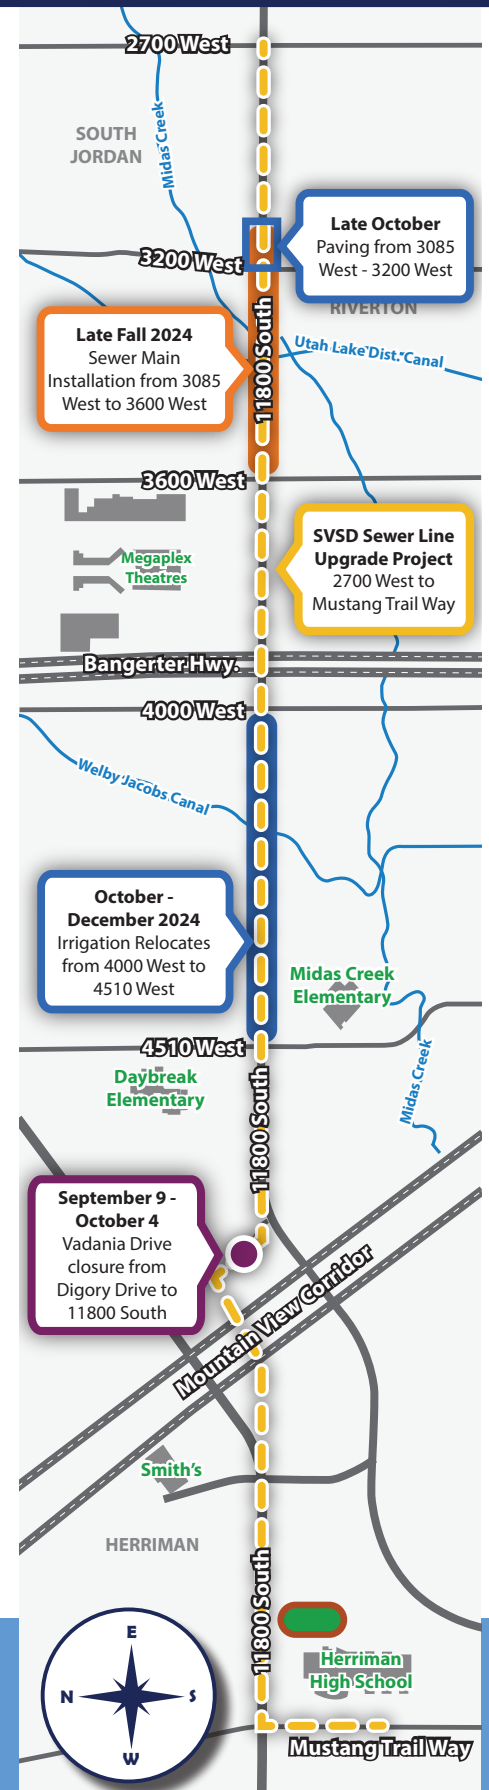

4000 West - 4510 West

- Irrigation line relocations are underway in preparation for sewer main installation. Traffic is shifted to the north side of the road, with one lane maintained in each direction (east/west). This work is anticipated to continue through the end of December.

Mountain View Corridor Boring

- Crews are conducting boring underneath the Mountain View Corridor in preparation for sewer pipe installation beginning next year.

JORDAN BASIN
IMPROVEMENT DISTRICT

October 2024 Update

Vadania Drive

- **Vadania Drive will continue to be closed to through-traffic between 11800 South and Daybreak Parkway until Friday, October 4th** as crews conduct boring to prepare for sewer main installation. Through-traffic is detoured to Grandville Avenue. Access is maintained to Vadania Drive from Daybreak Parkway for Early Light Academy and Digory Drive traffic only.
- Vadania Drive is hard-closed to all traffic between 118th South and Digory Drive. **Within the closure, sidewalk on the east side of Vadania Drive is closed to pedestrians and the west side sidewalk remains open.** Pedestrians on the west sidewalk may cross over to the east sidewalk at Digory Drive and continue north towards Early Light Academy.
